Liberty's Lions Dan LeRoy, 2021-03-26 This is the fascinating story of Catholic heroes who, despite discrimination and persecution, saw the promise of America and sought to fight for its independence. Some of these Catholic heroes were Americans, like the three Carroll brothers of Maryland who included Charles, the longest-lived signer of the Declaration of Independence, John, America's first bishop, and John Barry, one of the founders of the U.S. Navy. Other heroes were foreign-born: Frenchmen like legendary generals the Marquis de Lafayette and the Comte de Rochambeau, as well as Polish soldiers such as Casimir Pulaski, the founder of the U.S. Calvary, and the daring Thaddeus Kosciuszko. All were inspired by their Catholic faith to join the Revolution and its call for human freedom and dignity. For all who are passionate about the Catholic Faith and the American experiment, Dan LeRoy's *Liberty's Lions* is a book you won't be able to put down.

Humor and Horror Lena Straßburger, 2022-03-07 Despite their opposite emotional effects, humor and horror are highly similar phenomena. They both can be traced back to (the detection, resolution, and emotional elaboration of) incongruities, understood as semantic violations through unexpected combinations of oppositional information. However, theoretical and experimental comparisons between humor and resolvable incongruities that elicit other emotions than exhilaration have been lacking so far. To gain more insights into the linguistic differences between humor and horror and the cognitive real-time processing of both, a main concern of this book is to discuss the transferability of linguistic humor theories to a systematic horror investigation and directly compare self-paced reading times (SPR), facial actions (FACS), and event-related brain potentials (ERP) of normed minimal quadruplets with frightening and humorous incongruities as well as (in)coherent stimuli. The results suggest that humor and horror share cognitive resources to detect and resolve incongruities. To better distinguish humor from neighboring phenomena, this book refines current humor theories by incorporating humor and horror in a cognitive incongruity processing model.

Our Le Mans Hans Hamer, 2017 -Documents the friendship between Steve McQueen and his Le Mans co-star Siegfried Rauch -Includes photos of Rauch's family album, as well as original photos of the film set and of rare documents -Features interviews with contemporary witnesses Steve McQueen: actor, filmmaker, racing driver - and friend. Siegfried Rauch, who plays McQueen's unyielding rival in the film classic *Le Mans*, was a close friend of the actor in real life. Rauch takes us through this book and, for the first time, tells us how it was: what McQueen was like, the time he ate sauerkraut at the Rauch's, or played with their children - and how he became their godfather. Rauch shows a different, private side to the 'king of cool'. The other stars of *Le Mans* have their say as well: the real racing drivers. Herbert Linge reminisces about the Porsche 908 - which belonged to McQueen - that Linge drove as a dolly during the race. Hans Herrmann and Richard Attwood tell about their victory in the Porsche 917 - the first Porsche overall victory at the Sarthe. Stuntman Dr. Erich Glavitz, who also prepared the cars, explains what happened in 1970 during the shooting in 'Solar Village', and David Piper, who lost a leg during the production. This unique book offers completely new insights into the filming of what has become a cult classic.

WordNet Christiane Fellbaum,1998 WordNet, an electronic lexical database, is considered to be the most important resource available to researchers in computational linguistics, text analysis, and many related areas. English nouns, verbs, adjectives, and adverbs are organized into synonym sets, each representing one underlying lexicalized concept. Different relations link the synonym sets. The purpose of this volume is twofold. First, it discusses the design of WordNet and the theoretical motivations behind it. Will loves Lily, but does he know her? As the wedding approaches, Lily's nights—and mornings, and afternoons—of booze, laughter and questionable decisions become a growing reminder that the happiest day of her life might turn out to be her worst mistake yet. A Companion to Medieval Palermo, 2013-08-15 The Companion to Medieval Palermo offers a panorama of the history of Medieval Palermo from the sixth to the fifteenth century. Often described by contrast with the communal reality of Medieval Italy as submitted to a royal (external) authority, the city is here given back its density and creativity. Important themes such as artistic and literary productions, religious changes or political autonomy are thus explored anew. Some fields recently investigated are the object of particular scrutiny: the history of the Jews, Byzantine or Islamic Palermo are among them. Contributors are Anliese Nef, Vivien Prigent, Alessandra Bagnera, Mirella Cassarino, Rosi Di Liberto, Elena Pezzini, Henri Bresc, Igor Mineo, Laura Sciascia, Gian Luca Borghese, Sulamith Brodbeck, Benoît Grévin, Giuseppe Mandalà, and Fabrizio Titone.

Jagged with Love Susanna Childress, 2005 Susanna Childress writes with an earnest desire to understand things physical and things spiritual. What results is a first collection of provocative, honest poetry that explores various human predicaments: a cancer-ridden wife, an explosive father, an infertile couple, various sexual aggressors, a missing girl. Such careful portraiture provokes the reader to consider the complexity of human love: how selfishness, fear, lust and even brutality might coincide with tenderness and loyalty. Ms. Childress's writing is refreshingly naive and clear, her voice essentially inquisitive. She is brave enough to look at the darkness of the world, but she is more courageous to hope.
