Public Participation, Science and Society Mikko Rask, Saule Maciukaite-Zviniene, Loreta Tauginiene, Kaisa Matschoss, Vytautas Dikcius, Timo Aarrevaara, Luciano d'Andrea, 2019-12-14 The field of public participation is developing fast, with phenomena such as citizen science and crowdsourcing extending the resource base of research, stimulating innovation and making science more accessible to the general population. Promoting public participation means giving more weight to citizens and civil society actors in the definition of research needs and in the implementation of research and innovation. As yet, there is limited understanding of the implications of widespread use of public participation and as a result, there is a risk that it will become a burden for research and an obstacle to bridging the gap between research and society. This volume presents the findings of a three-year international study on innovative public participation. The resulting work studies the characteristics and trends of innovative public participation through a global sample of 38 case studies. It provides theoretical generalisations on the dynamics of public participation, suggestions for an evaluation framework and clear empirical examples of how public participation works in practice. Illustrated by best practice cases, the authors identify characteristics which contribute to successful public participation. The book is aimed primarily at scholars and practitioners of public participation, as well as research managers, policy makers and business actors interested in related issues. There is also a secondary market for students and scholars of European governance studies, sociology and political sciences.

Sea and Smoke Blaine Wetzel, Joe Ray, 2015-10-27 Part culinary adventure, part serious cookbook, *Sea and Smoke* chronicles the plucky ambition of a young chef to establish a world-class dining destination in an unlikely place. A native of the Pacific Northwest, two-time James Beard winning chef Blaine Wetzel saw Lummi Island, a rugged place with fewer than 1,000 residents off the coast of Seattle, as the ideal venue for his unique brand of hyperlocalism. *Sea and Smoke* is a culinary celebration of what is good, flavorful, and nearby, with recipes like Herring Roe on Kelp with Charred Dandelions and Smoked Mussels creating an intimate relationship between the food and landscape of the Pacific Northwest. The smokehouse, the fisherman, and the farmer yield the ingredients for unforgettable meals at The Willows Inn, a reflection of

Wetzel's commitment both to locally-sourced ingredients and the sights, smells, and tastes of the foggy, coastal environment of Lummi Island. Award-winning journalist Joe Ray tells the tale of the Inn's rise to stardom, documenting how all the pieces came together to make a reservation at Wetzel's remote restaurant one of the most sought-after in the world.

Lummi Blaine Wetzel, 2020-04-07 Blaine Wetzel, the James Beard Award-winning chef of The Willows Inn, and champion of hyper-local cuisine, offers an inside look at his unique approach to fine dining. Everything that Chef Blaine Wetzel makes is sourced within a few miles of his kitchen, often hours after it has been harvested from the ocean, the forest, or his own small farm. Lummi will inspire professional and home chefs to pay close attention to the seasons and to appreciate and bring out the best in what is fresh and local. The recipes Wetzel showcases here are a catalogue of dishes he created at the lauded Willows Inn restaurant on tiny Lummi Island in Washington State, ranked the number one restaurant in the United States in 2017, 2018, and 2019 by OAD (Opinionated About Dining). They are divided into courses that mirror the perfect bites and small plates that Wetzel serves at a typical Willows Inn dinner: green figs and leaf cream; sea urchin marinated in tomato seeds; wild beach peas and lovage stems; a stew of chanterelle mushrooms; and a dessert of beach roses. Stunningly photographed, every dish captures a moment in time and in nature. Each recipe highlights the unique qualities of the main component, whether it's wild plum, young rhubarb, blue clams, sockeye salmon, venison, black walnuts, or a perfectly ripe melon. Each plate is breathtakingly elegant, yet the dishes themselves are unfussy and rustic. As suitable for the coffee table

as it is for the sophisticated kitchen, this book is a symphony of aesthetic perfection, capturing a way of living and eating that is in harmony with the land.

Gods at Play: An Eyewitness Account of Great Moments in American Sports Tom Callahan,2020-09-22 A beautifully observed narrative of American sport: character, grit, tragedy, unremarked heroism, and, always, the illuminating story behind the story. As a columnist for *Time* magazine, among many other publications, Tom Callahan witnessed an extraordinary number of defining moments in American sport across four decades. He takes us from Roberto Clemente clinching his 3,000th, and final, regular-season hit in Pittsburgh; to ringside for the Muhammad Ali-George Foreman fight in Zaire; and to Arthur Ashe announcing, at a news conference, that he'd tested positive for HIV. There are also little-known private moments: Joe Morgan whispering thank you to a virtually blind Jackie Robinson on the field at the 1972 World Series, or Kareem Abdul-Jabbar saying he was more interested in being a good man than in being the greatest basketball player. Brimming with colorful vignettes and enlivened by Callahan's eye for detail, *Gods at Play* offers surprising portraits of the most celebrated names in sports. Roger Rosenblatt calls Callahan "the most complete sportswriter in America. He knows the most and writes the best.

The book of the crossbow Ralph Payne-Galloway,2019-08-28 One of the most devastating weapons of the Middle Ages, the crossbow probably originated in the Western Roman Empire early in the fourth century, its design perhaps suggested by the balista, an ancient form of catapult. The medieval crossbow fired a twelve-inch bolt (quarrel) capable of piercing all but the strongest armor and is widely credited with helping Richard the Lionhearted defeat the Saracens at the battle of Arfus during the Third Crusade. and nbsp; and nbsp; and nbsp;Despite the fact that crossbows were carried by thousands of soldiers in medieval warfare, this book is the only work ever devoted exclusively to this widely used weapon. In addition to detailing the history of the crossbow and its military and sporting uses, the author also deals with an arsenal of related weapons, from the siege engines, balistas and catapults of the ancients to such arms as the Turkish bow and the Chinese repeating crossbow. and nbsp; and nbsp; and nbsp;Enhanced with over 200 illustrations, ranging from contemporary battle

pictures to scale constructional plans, and replete with scholarly detail and intriguing anecdotes, this classic study will interest historians, medievalists, sportsmen and any student of arms and armor.

Beyond the Last Path Eugene Weinstock, 2022-04-25 *Beyond the Last Path: A Buchenwald Survivor's Story*, first published in 1947, is the chilling account by Eugene Weinstock, a Hungarian Jew who was imprisoned by the Nazis in World War Two at the Buchenwald concentration/extermination camp in Germany. The book is a simply told, yet profoundly moving story of his arrest and imprisonment at the infamous camp, where the cremation ovens operated virtually non-stop. Weinstock attributed his survival, in part, to the strong underground organization within the camp, which helped maintain order and distribute supplies equitably. The book concludes with the liberation of the prison by US troops, at which time Weinstock weighed a mere 80 pounds.
